Pragmatisoft Photo Share Resizer (2022)

Pragmatisoft Photo Share Resizer is a Microsoft.NET Framework class library, a very small utility that saves you time! This Windows Forms application lets you convert (as a batch file or a Windows service) or resize a batch of images in a few seconds to reduce the time required to upload the pictures to a server. Each picture is automatically resized to different sizes, e.g. 200KB, 400KB, 800KB and 1600KB, and even to different formats (JPG or PNG) to meet your needs. The program is extremely small and can be used from any computer. Features: * Resize (as a batch file or a Windows service) or convert images to different sizes * Select the target size * Send images to a server * Organize images into folders * Resize or convert images in background * Compose a message to send the images or their new size (to the server) * Select additional settings * Show the process status and log files * Redirect output (to a log file) * Export settings to a text file * Options menu *...
